

'Open' Overseas Events

Due to the ongoing success of our Open Overseas events, we are pleased to announce the forthcoming release of our brand new 2007 Open Overseas Challenges which we are now able to offer on a no commitment basis. These events give all UK charities the opportunity of benefiting from the excellent fundraising potential of overseas events without incurring the high costs and risks normally associated with this fundraising method!

"Skyline looked after our supporters fantastically. The five participants who took part in the London to Paris cycle ride had a brilliant time and exceeded all our expectations by raising over £12,000, more than twice their target! Skyline were always friendly and helpful in dealing with our department. We're looking forward to more overseas trips in 2007!"

The Medical Foundation for the Care of Victims of Torture

"We are new to challenge events so we liked the flexibility of Skyline's 'open' event programme, which gave us an opportunity to get started at no risk. Thanks to Skyline, three of our supporters enjoyed the trip of a lifetime and raised about £4,000 net; a win-win solution."
